## **Summer Flights Increase at TVC**

**(Traverse City, MI)** - TVC Cherry Capital Airport will see a 6.3% growth in the number of seats this year over last year's number of seats coming into the market. TVC is now the fourth most traveled airport in the state. Delta Air Lines, American Airlines, and United Airlines have all loaded their summer schedule into their reservation systems, each with an increase of seats and better utilization of aircraft to promote travel. Delta will again offer its two class product on all cities served this summer. Delta Airlines has announced returning summer service to Atlanta, New York LaGuardia, and Minneapolis; along with its daily service to Detroit.

Beginning May 21<sup>st</sup> and just in time for the Memorial Day holiday weekend, Delta Air Lines will begin its direct service to and from Minneapolis. Delta will kick off its direct Atlanta and LaGuardia service on June 13. Additionally, Delta will increase the number of seats to and from Detroit on May 21<sup>st</sup>. "With more seats in the market, there are more opportunities for quality fares. It is clear that Delta is committed to service levels that we need, while our community demonstrates it is a great return on investment for Delta." Kevin Klein, Airport Director said. Both United Airlines and American Airlines will add flights weekly to their Chicago service schedule. American will increase their schedule to four flights a day, with five flights each Saturday beginning early in June. United Airlines will increase by an additional flight each day beginning May 7<sup>th</sup>. United Airlines will be bringing back the Denver direct service at the same level as 2014.

"We at TVC continue to fulfill a true Northern Michigan experience. One that is clearly Pure Michigan. TVC is Total Value and Convenient. We are eager to continue to work with our northern Michigan communities and airlines alike to attract additional services," Klein stated.
